Hello. Hope you are well.

I was hoping to follow up with a couple of questions about Kanawha GOP membership.

Of those who were removed from the committee, were all because of attendance?

Was the time period to measure attendance from Jan. 1 to June 30? How does that square with the term "calendar year" in the bylaws?

Mr. Larese pointed out during last week's meeting that he has been an elected member more than 20 years. If someone has served that long, is it fair to use a six-month period to determine their eligibility to continue serving?

There were calls to take a vote on new members coming onto the committee. Was there a vote? Is a vote required?

Thank you.
